Its ice was white as snow;
'Twas fair to see and sweet to taste. For Brengle makes them so.

She took the cake to school one day; It was against the rule; For children all love Brengle's cakes And take a bite in school.

And so the teacher took the cake And est is on the sly; And after school, w to solemn face, She told the child a rie.

She said the mice had eat the cake And thought it very nice; That all of them that tasted it Had turned to caudy mice.

The candy mice the windows show And tempt the boys to break, Were just the very little mice. That mbbled Mary's cake.

But Mary was not fooled at all. "Too thin," was all she spake,
The teacher quick to Brengle's skipped
And beught another cake

-1881-

The ALFX ANDRIA GAZETTE, begun in 17.9, is the oldest newspaper in the State, and the only daily published in Northern Virginia It has survived, with few exceptions, all the public presses in America which saw with it the dawn of the nineteenth century. It lives, too, not in decay, but full of life and vigor, giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but full to the brim with all public information, and giving daily honest judgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with but three exceptions, the only paper between Baltimore and Richmond that i thus connected with the great fountsins of the world's news.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render faithful service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Commonwealth of Virginia.

will be made a WASHINGTON and RICH. MOND NEWSPAPER as well as an ALKX-ANDSIA JOURNAL. The Richmond and Washington news of past years has left little to improve, but yot greater effort will be made to insure absolute perf c isa in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of that section of .h , Common woalth which nature has bound to A'exaniris by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the i on bands of railways, will be as iluously

The Business and Commercial columns of the Gazitte will be fille! with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Catt'e Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sale of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accurec; and dispatch. The Grocery and other markets will receive constant attention, and the money or steek markets of the country epitom zed for its columns, full details being given to all stroks, &c, which find investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to af ford greater returns for a small investment than any other which can be made.
